

Theme Song

BREATH OF GOD – by Bro. Ryan Brimon

[Verse 1]

In the silence of the night, we seek your light, Breath of God,
a whisper in the sky so bright. Divine creator, giver of life
and grace, Sustainer of life, we find our sacred place.

[Verse 2]

Through the storms and trials, you guide our way, A preface to
the servant, we kneel and pray. Foundation of trust, in your
hands we align, Connection to redemption, your love is our sign.

[Pre-Chorus]

With every heartbeat, we feel you near, In every shadow,
you cast out fear.

[Chorus]

Oh, breath of God, fill our souls anew, In your embrace, we're
renewed and true. Guide us through the valleys, lead us to the
heights, In your everlasting love, we find our lights.

[Verse 3]

In the tapestry of life, you weave our stories,
Every tear and triumph, told in your glories.
Lift us from the ashes, bring us to the dawn,
In the arms of your grace, we are never alone.

Ending:

Breath of God, forever we will sing,
In your love, we find everything.
As we walk this journey, hand in hand with you,
Divine creator, our hearts will stay true.
